SOUNDS AROUND Savannah and Prairie

Charming app with hand-drawn animals and inspiring sounds for little explorers between 2 and 5.

SOUNDS AROUND

Savannah and Prairie

Roam through the panorama of Africa's exciting savannah all the way to the legendary Wild West.

Shower with the elephants, chatter with the monkeys and sing with the cowboy!

Charmingly illustrated by Kristina Heldmann and entertainingly brought to life by singer-songwriter Erik Hibbert. He roars, trumpets, croaks, whistles and even knows the stories that cowboys tell each other around the campfire!

And it's easy as ABC to switch between the original animal sounds, Erik's funny animal noises, and the short explanatory texts.
